

Report from Worlingworth Community Centre Committee

This past year has been one of regeneration with a strong committee continuing the work of maintaining the valuable village asset of the community centre and the playing field.

Monthly bingo fundraising, the Christmas Fayre, the tote and online draw have added much needed funds and the Film Nights have been a welcome introduction.

The imminent arrival of two pods (expected on 24th April) at the edge of the playing area will provide a comfortable seating area.

The new curtains and blinds have given the hall a modern but warm feel.

The Social club providing the bar for fundraising and private hire continue to be a valuable support.

The committee thank everyone who in any way have over the past year given their time to support Worlingworth Community Centre.
